Hi and welcome to TAMK!

This Provisio is information package to new BBA students. The purpose is to share information about Tampereen tradenomiopiskelijat ry, also known as TTO ry. TTO is your own subject association and we organize events for you, get your overalls, work on education policy and more.

The beginning of studies brings a lot of new and exciting things. A new school, new people, a new education and possibly a new city. TTO's goal is to support new students, so I hope that this magazine will help you get to know us better and that you know that you can always contact us if necessary.

I'm Olivia, TTO's media representative and editor-in-chief of this magazine. I am studying business information systems for the third year and this is my first year on the board of TTO. I have had a good time at TAMK and have had unforgettable experiences during my studies. I hope you enjoy it as well! If you have any questions for me, you can send me messages on our instagram @tto\_ry or by e-mail media@ttory.fi

The following pages will introduce rest of the members of our board and their roles. I have gathered information for you about the events we are organizing, this fall's tutors and what the different overall colors mean. I hope you find something useful from this Provisio.

Good luck to your studies and hopefully we see each other at the events during fall!

- Olivia

I would like to start by welcoming all new students here in Tampere! You have entered to study BBA in TAMK, congratulations. This is the start of your unforgettable journey as part of Tampere's great student community, and your study time will fly by quickly, so I recommend you to enjoy it. Remember to be proud of yourself, because you already got into school.

At the beginning of school, someone might think that studying is only studying and reading for exams, while someone else thinks that student life is all about partying with

friends. I think that neither of these is entirely true. I recommend you to find the balance between studying and other things that belongs in the life of a student. You shouldn't be nervous, because everyone will find their own path during their studies. There is also a lot of help available to find your own thing and own place in this community.

One of the best providers of help for BBA students studying in Tampere is Tampereen Tradenomiopiskelijat ry. TTO organizes different activities for starting students during the orientation weeks, and you can get to know us almost as soon as school starts. We pay attention to education policies as a student association of four different programs. You can meet us in the school corridors, at our office or at events! Feel free to come and have a little chat, or slide in to our DM, if you have something in your mind. TTO will be happy to help you! We are here for our members.

You should take your study times seriously, but remember to have fun. See you in the fall and hopefully meet in our events as well!  
-Ville

# Kopo says hello

Hello!

Johanna Rita, TTO's head of education policy aka kopo, writes here.

I am studying Entrepreneurship and team leadership at the Proakatemia for the last year. So it's coming last fall as a student, and it's awesome to get to spend it with you! Orientation weeks are the highlight of the fall, so let's get all the fun out of them together.

I hope your studies get off to a good start and you can enjoy your student life to the fullest! However, remember that you can always contact me with any questions that concern you, for example by e-mail [kopo@ttory.fi](mailto:kopo@ttory.fi). You can also find me at various TTO events over the fall, so come and say hello!

J o h a n n a

*“I can be contacted in all questions and problem situations related to education“*

## What kopo does?

As a responsible person in education policy, I am responsible for advocating for the interests of BBA students. This means that I can be contacted in all questions and problem situations related to education, which can be, for example, course implementations and delays in grades. The rule is that things should be discussed with the teacher first and foremost. However, if this doesn't work, I'll step in! I am in close contact with the competence managers and teachers of the business degree lines, and in this way I act as a link between teachers and students.

# Tampereen TRADENOMI- OPISKELIJAT RY

## What is TTO?

Tampereen Tradenomiopiskelijat ry is a registered association formed and maintained 100% by students. TTO ry is the subject organization of Tampere University of Applied Sciences. We are a local guardian of BBA students, advising on agile and ever-changing student support and livelihood issues, and advocating for students through our representatives. We take care of students educational and social policy issues and provide entertainment for your life.

We play Finnish skittles, organize excursions, theater evenings, various educations, for new students Hämmästyttävä Ralli and BBA Baptism and, PISTOT-parties, and other events. We should also not forget the student overalls for BBA students available through TTO ry, who always wear their “trendy” walkers from one event to another.

Active people are needed for active activities. Together, we can influence the environment both inside and outside the school. Nationwide, we are very actively involved in the activities of the Federation of Business Students TROL as a member association and in this way we strive to better perform our role as a local guardian of the interests of BBA students. As a member association, we organize various activities for BBA students in Tampere and participate in national training events and events organized by TROL. Come along and make your own contribution!

## Join the board?

Every year, at the organization’s autumn meeting, a 13-person board of directors is elected for the following year. The board is jointly responsible for the activities of the subject organization and they work closely throughout the year. We will soon get to elect a new government for 2023.

If you are interested in TTO, you should follow our social media and feel free to come and chat. During the autumn, the roles of board members and the activities of TTO will be presented in more detail on social media.

# PISTOT

## *parties*

PISTOT is a monthly student party organized by TTO, BBA's student association, TIRO, an association of engineering students, and PIRATE, a health students association. The goal of the PISTOT student party is to increase study motivation and promote students' social interaction. During the school year, you will be able to enjoy seven different parties and, as usual, also a PISTOT party cruise in December. The theme of the party changes every month, and in addition to or instead of overalls, it is possible to wear clothes that match the theme!

The fall dates of the PISTOT party have already been published and the first fall party will be celebrated on September 15. Follow PISTOT on social media and you will stay up to date on the next party and the PISTOT party cruise at the end of the year.

# PISTOT

*representative*

Hello!

My name is Claudia (a selected few might call me Calu) and for PISTOT parties on behalf of TTO. Meaning you get to enjoy better and better student parties every month.

I began my studied on 2018, at a time when PISTOT parties were every TAMK students highlight of the month. My best memories from my first student years are precisely from PISTOT parties and PISTOT party cruise. Sadly the last few years have been quite scrappy for student culture but I hope and believe that finally PISTOT will return to its former glory and obviously rise even higher.

All you new students are in a privileged position as you get to see all the best of student life (read: PISTOT) right in your first months. PISTOT has gone through some changes these past few years and we all in PISTOT crew anxiously expect that you get to enjoy them. You can ask me more about PISTOT anytime or anywhere (or about anything). I wish you all wonderful and unforgettable years studying. I hope that PISTOT will be a part of them!

- Claudia

# FRESHMAN EVENTS

## *HÄMMÄSTYTTÄVÄ RALLI*

The school year is in full swing with the familiar but not so safe Amazing Rally. The event should not be taken lightly, as the ticks require both mental and physical weakness. At the event, the teams will also get to know other subject organizations operating at TAMK and the people behind them.

## *BAPTISM OF BBA STUDENTS*

Tampere Tradenomiopiskelijat ry organizes a baptism ceremony for new students based on this tradition. The classes measure each other in playful competitions and swear the Tradenomy student's Brotherhood Oath. According to tradition, the classes must dress according to the theme, and at the end, the class best dressed in the Phoenician way will be awarded. TTO's mascot, Badger, plays the role of the overlord, who, despite his scowl, is a very easy-going and generous guy.

FILM NEGATIVE

## *FRESHMAN OLYMPICS*

There is a feel for the sports festival in the air as the freshmen arrive in the South Park sun to measure each other. The skills of the teams are tested at the crossroads that require the most athletic performance. This event, which has become very popular in recent years, is a great way to flush the taste of Twilight's defeat from the mouth and start the night with a win.

# OTHER EVENTS

## *HERVANNAN HUM\*LA HYPPELY*

Hervannan Humala Hyppely was born a legend. The event gives its attendee a whole new perspective on worldview. This crusade every autumn otherwise only opens the doors of the bars used by its regular customers to students. The hidden truth of Hervanta can only be ascertained with one's own eyes one day a year. However, not everyone who wants to can fit in on this trip because of the limited provision of adequate security for the event. So be quick and get yourself a ticket to the unknown while still possible. Come, run and get the coveted coveralls for yourself.

## *KALEVAN K^\*NNI KIERROS*

Badger and TTO ry welcome you to the biggest and most beautiful pub tour of the whole spring! After a cool winter, the hustle and bustle of the morning, Badger will help you explore the Kaleva's hidden bars. Grab your own friends and get ready to go on a research trip to Kaleva, where the trips are short and the drinks are cold!

## *S O P P A S A U N A*

The Soppasauna is the most traditional event for BBA students, where the liver is measured. The goal of the event is clear: Drink a basket of beer with the couple in three hours while holding the basket. If the extract is slackened or the malt drink does not taste good, the couple will not have the opportunity to get their hands on the coveted bucket of the bucket master or the title. Over the years, only a few special cases have succeeded here. When registration for the event opens, you should be quick, as only a limited number of candidates can try to complete the performance each year.

## S I T S I T

Over the years, TTO ry has organized several sit-ups from hilarious and delicious table parties, such as the annual Christmas party, to sit-ups of a more extensive pattern, such as the spring 2022 Landesits! Sits have their own code and rules that are slavishly followed. The Sitsi stick is waved by a pre-defined song director or “toastmaster” whose word is law. The Toast-master determines the pace of the Sits with breaks, distributes and decides on any penalties, and is responsible for the program. This is one of the finest traditions in Finnish student culture that should not be missed at any cost - every student should experience at least one sit during their studies.

## S K I T R I P

TTO ry, in association with Tiro ry, arranges a student-friendly opportunity for you to go skiing! If the hills of Hervanta aren't just quite enough or you've been thinking of giving this gem of a winter sport a go, this trip is for you! We depart by a bus from the school and arrive back by the same means. We offer you a bus ride and a skiing ticket – with a student-friendly price of course. You can also rent out necessary gear inexpensively through us! Is there a better way to spend a winter day than skiing with friends?

## P I K K U J O U L U T

Every year, Tampere Tradenomiopiskelijat ry organizes stylish little Christmas parties for its members, whose program is built around an excellent dinner and music, accompanied by drinking songs. The intention is to spend a nice evening in the Christmas mood and then move on to the fast-paced sequels to the nightclub side.

# TRADENOMISEMMA

The most traditional event was originally called TTO Business Seminar and it was held for the first time in 2013. The event has become TTO ry's annual event with a different theme. The last time the event was held in 2021 was with the theme "Welfare Tradenomi" and before that e.g. in 2019 with the theme of "Success Stories". The more traditional one is organized in co-operation with the Tampere Region Tradenomaa TST ry. It is a seminar-style event where TTO members can hear from professionals in various fields and network with other tradenomi students, as well as graduates.

# V A P P U

Start May Day together with TTO, Tiro, Pirate and various clubs! In the past, various games and entertainment have been organized in Sor-sapuisto. In the spring of 2022, Wappustartti was held in Ratinanniemi, where we enjoyed the May Day atmosphere together. Follow us on social media, and you'll stay up to date with what's happening next May Day! Wabu ei lobu!

# S P O R T S G R O U P

In the spring of 2022, TTO launched its own sports group, where different sports and team games are tested together. The sports group takes place weekly in TAMK's gym and registration works via Kide.app. In TTO's Instagram story, the sport is always announced and the participation link is shared. All members of the TTO are welcome to take part in the exercise session, we do not require strong physical condition or sport experience. The most important thing is to have fun together and work up a sweat!

## Tervetuloa mukaan tradenomien toimintaan

Opiskelujesi alussa kuulet varmasti paljon Tradenomeista ja yhdistystoiminnasta. Me valmistuneet tradenomit voimme kokemuksesta voimme sanoa, että yhdistystoiminta on antoisaa ja liittoon kuuluminen tärkeää urallesi.

Tampereen seudun tradenomit ry on Tampereen alueella vaikuttavien tradenomien oma yhdistys, joka toimii Tradenomiliitto TRAL ry:n paikallisyhdistyksenä. Teemme tiivistä yhteistyötä paikallisen elinkeinoelämän kanssa.

Toimimme tradenomien paikallisena edunvalvojana ja tarjoamme jäsenistöllemme koulutus- sekä virkistäytymismahdollisuuksia.

Yhdistyksen toiminnalle on tärkeää omien jäsenten hyvinvointi. Järjestämme monipuolisesti eri ikäisille tradenomeille suunnattuja tapahtumia, esimerkiksi kokkauskursseja, urheilukokeiluita, maalausiltoja ja jaamme lippuja lätkäpeleihin tai leffaan.

Tampereen seudun tradenomit ry:n hallitus on aktiivinen toimija! Järjestämme useita tapahtumia vuodessa. Olet erittäin tervetullut mukaan toimintaan ja hallitukseen!

YHDISTYKSEN JÄSENIKSI VOIVAT LIITTYÄ KAIKKI TRADENOMI-, BBA-, TAI TRADENOMI (YLEMPI AMK) -TUTKINNON SUORITTANEET HENKILÖT.

JÄSENYYS ON ILMAINEN, MUTTA EDELLYTTÄÄ TRAL:N JÄSENYYYTTÄ.

# TIPS FROM

# old students

All events are worth taking part in, whether you drink alcohol or not. It's an easy way to find new friends, join the group and have fun. This also gives you the opportunity to get to know TTO's board activities, and if you are interested, you can apply to join the board!

Remember to also drink water at the party!

Find out what your student association and other organizations offer to support your studies

Enter student life with an open mind and throw yourself fully into it, as you should do in life anyway.

Put the napkins in the bio waste!

**Go to a  
lot of  
events**

Studying is a person's best time! Take school seriously, but also remember to have fun and meet new people. Through the school, you can find a lot of side activities, such as tutoring or organization activities. If you are at all interested, feel free to join.

YOU CAN GET A STUDENT DISCOUNT AT MANY PLACES IN TAMPERE. REMEMBER TO SHOW YOUR STUDENT CARD WHEN YOU GO OUT TO EAT, FOR EXAMPLE!

Get to know your fellow students, you might find best friends for the rest of your life!

Remember that student life is basically only lived once in a lifetime.

Campusonline offers many options, for example for optional courses

Stick to the course deadlines, but remember to ask the course teacher for help or additional time if the situation starts to seem too difficult.
